

Save-A-Load™ outperforms all other adjustable cargo bars...!

Two Models Available

Standard-Duty

Heavy-Duty

- Save-A-Load™ - the premier cargo restraint device on the market today!
- Custom designed for pickup trucks, vans and sports utility vehicles.
- Suitable for commercial and recreational use.

Save-A-Load™ Features.

It's as easy as 1...2...3...

1. Adjust to Desired Length. 

The Save-A-Load™ Bar is extendable and can be used vertically and horizontally.

2. Pump Handle to Secure. 

The Save-A-Load's internal spring and pressure limiting valve provides incredible holding power in any application.

3. Push Button to Release. 

The Save-A-Load™ Bar is simply and safely released.

Save-A-Load™ Specs.
